

ORACLE

Carolyn M. Williams

In Memoriam

Many thoughts have occurred in our minds during these recent days, some of which we would like to point out to you.

We do not have to dig deep into the bag of human characteristics to find those qualities which endeared Bob to us all

Dependability was one of his great assets. If you needed Bob, he was there to do his part. He was conscientious in all he did—his assignment for classes—his attendance at church and school—his work for his employer—all bore evidence of his basic integrity. This did not seem hard for Bob because it was a part of his splendid character.

Another reason our classmate was so well liked, was his never failing courtesy and kindness. This was true, not only to his teachers, but to all with whom he had contact. He had the unique ability to disagree with you without giving or taking offense. He never had fun at someone else's expense but was always thoughtful of others.

He was quiet and unassuming with a modesty which bespoke his efficiency. He was a stranger to boisterous talk and behavior and the "wise-crack" had no place in his pattern of life which is a minor miracle in these modern days

The qualities which make the man are measured to us, each in different amounts. To find the prescription which would produce another Bob Barnes, would amount to a secret formula, but some of the ingredients we know:

Take a large portion of dependability, a generous measure of ambition, honesty and wholesomeness throughout, mixed with courtesy, kindness, loyalty, seasoned with spirituality and sprinkled with humor and the character that emerges is one that endures through the years. This was the character of our friend and classmate, Bob Barnes, whose untimely passing we mourn and whose place can never be filled in our hearts.

DEDICATION

The Class of 1956 proudly dedicates this edition of the ORACLE to the construction of the new campus of Tully Central School, to the countless hours of work and planning by the Board of Education, Administration, and Faculty that have been required to launch the tremendous task, and above all to the loyal citizens of our community who have the confidence in the future and courage of conviction to carry this plan to conclusion.

The students of Tully will be forever grateful for your sacrifice and the new campus will serve as a monument to your efforts.

PRINCIPAL'S MESSAGE

Dear Graduates,

I am sure that as you reach this important stage of your life that you are reflecting upon school days past and your new adventures ahead. It is my hope that, out of the maze of lessons, assignments, discussions, and examinations, you have come through, a bit of our basic philosophy has filtered through to you.

Your teachers at Tully have tried to demonstrate that true success lies in putting forth that extra bit of effort and in meeting a problem more than half-way. He who is satisfied with meeting only the basic essentials of a task will do satisfactory work, but it will not be of a caliber that will meet and exceed the competition of those who exert that extra effort.

True success, then, can only come to those who do more than just enough, and if you have tried out this formula for success you have found that true happiness and pleasure in life lies there, too.

My sincere congratulations upon your achievement. Work hard, ask for God's help each day, take time to relax, and you will be a credit to your alma mater.

Cordially yours,

John D. Crosley

SENIOR CLASS ADVISORS

LAST WILL AND TESTAMENT

We the Senior Class of Tully Central School, County of Onondaga, State of New York, being of sound mind and body, hereby publish our last will and testament. First, without hesitation, to Tully Central, we leave our utmost appreciation and admiration. To Mr. Crosley and the faculty, we leave the sky as the limit to progress they might achieve in coming years. To Mrs. Locke, Mr. Moore, and Mr. Struglia we have the gratitude to which they are most worthy of in guiding and assuring us as we grew to adulthood.

To the Freshman Class we leave our ability to have a good time at the right time.

To the Sophomores we leave our pleasing personalities and all the left overs from our Senior excursion.

We leave as a token of appreciation to the Junior Class, the following items:

To Robert "Rock" Abbott, Peggy Rogers leaves her cute little figure.

Leona Clark leaves her spurs to Linda White. You'll have to get your own elephant, Linda.

Jack Weisbrodt is bequeathed with Richard Garrett's "Apulia Complex." This will help you in English!

Richard Mickelson leaves his ability to write Senior Buzz articles to Robert Aldrich. To Trilby Aldrich, Art Dunn leaves all his toy guns and munitions. Elsie Chawgo leaves her position on the wrestling team to Bev Kehrner. Hattie Cook leaves her big 32-ounce jar of "Man-Killer Cream" to Elinor Piper. Dot Herold leaves her ability to talk like a trooper and her empty packages of Pall Malls to Shirley Brown. Bob Barnes leaves his ability to think and use logical reasonings to Richard Briggs. Dave Fox leaves to Phil Reitano all his rights to the property known as Skunk Hollow. Bill Collins leaves one muscle apiece to Lynn Usher and Bob Steger. Sharon Rice leaves her violent temper to Mary Ryan. Clara Downing leaves her calorie charts and diet books to Marilyn Brown. Paula Munson leaves her figure to Mary Louise Drumm. "You can't hardly get them no more!" Shirley Kinney leaves her vocal cords to Susan Trach. Harry June leaves his residence on North Street to Dave Hoefer. Phil Bolt and Leora Kinney leave their ability to be Bosom buddies to Dale Mortis and Mary Ann Baker. Robert Carlton and John Springston leave their string of heart-broken dames to Clair Fuller and Richard Gardner. "Be careful boys—they're costly!" Stan Krom leaves all his Apulia acquired bottle caps to Dick Dockstater. To Bev Granger, Nancy Patterson leaves her artistic touch. Now you can have a blue convertible, Bev! Barb Trach leaves her hollow leg for more food consumption to Barbara Maahs. Anne Finkler and Anne FitzPatrick leave their understanding ways towards the opposite sex to Caroline Fellows and Carol Krause. Jim Gambell and Garrett Hiller leave their seat in the office to Peggy Murphy. It should still be warm, Peg. Conrad Drake and Margaret Kinney leave their combined strength to Louise Comstock. Now you can climb Skaddan Terrace with out shifting into low! Bev Stewart leaves her lips of fire to Marlene Kinney. Joyce Cook leaves her ability to nail them for keeps to Janet Glasgow. "Don't fight it Janet, it's bigger than both of us!" MaryLou Murphy leaves her ability to charm boys out of their senses with her flute to Margaret Chapman.

SENIOR PROPHECY

On the way home from their Senior trip our three advisors dozed off into a miserable nightmare. What were these three unfortunates dreaming about? None other than the future, 10 years hence, of the Class of '55!

The "Daily Martian," newspaper of Mars, just reported that a strange space ship landed on their planet. The shocked pilot of the Air Force's super 8-94 claims to be Bob Barnes of Otisco.

Phil Bolt and Conrad Drake are departing in Phil's "Green Streak" for Africa to get rich quick mining diamonds. From their history books they have discovered, that Africa has plenty of diamonds, and Ubangys are plentiful!

Anne Fitzpatrick finally decided to go to Alaska with Mert Carlton. They adopted a tribe of Eskimos which they are now living with in the Yukon.

The county has just hired Elsie Chawgo to a year-round job driving the snowplow on Truxton Hill. Why would Elsie want to keep the roads open on that desolate hill?

Leona Clark is now the owner of a big western riding stable and as her manager she chose a very famous cowboy!

Headed for Ireland and their honeymoon, Bill Collins and a certain Irish colleen took off in their bathtub, a shillalah as their paddle!

Peggy Rogers, Hattie Cook, and Sharon Rice are now running a lonely heart's club in South America. From all we hear the savages are really going wild! Glad your business is booming girls.

After a ticker-tape departure, Joyce Cook left for Florida and her Air Force husband. She is now becoming a beachflower.

Clara Downing is now the famous voice of Francis, the talking mule in the movies.

They are making a bronze statue of Art Dunn, who won single handed the Battle of Skunk Hollow. This cost the famous Marine Corps three heavy tanks but it was worth it they claim. They got rid of Art in the battle!

Anne Finkler and John Springston have moved to the city and are manufacturing "Long Johns."

It has been reported that Dave Fox holds the world's speed record in cross-country travel by car. Upon arrival in California there was a loud explosion. Dave is O.K. but you should see the car!

Jim Gambell and Shirley Kinney have eloped to Australia. After 10 years of hinting, shy Jim finally popped the question. At least we think HE did.

Dot Herold has achieved her life-long ambition. She has moved to Salt Lake City and has become a Mormon.

The Senior class can be proud of Garrett Hiller and Mary Lou Murphy who have taken over Einstein's place as the great mathematicians of the world. Their latest theory is: All falling matter, no matter from how high or far from earth, if it has been dropped, will always reach the ground.

Harry June has followed his secret love, which is no great secret any more because we're telling you right now, to the ends of the earth. Who is his secret love? Donna Rycraft!!!

Leora Kinney, whose voice has changed, is singing contralto in the Metropolitan Opera. She is trying to beat Caruso's record for breaking glass. Her income for shattering glass is tremendous.

Mr. Ferguson's star pupil has become the first lady President of the United States. She has lowered the draft age to 16 and all women are eligible for it. All men have to report to the White House for photographs. Margaret Kinnry is in her glory, never before having so many boyfriends.

With the aid of stilts, Stan Kron has become a second George Mikan.

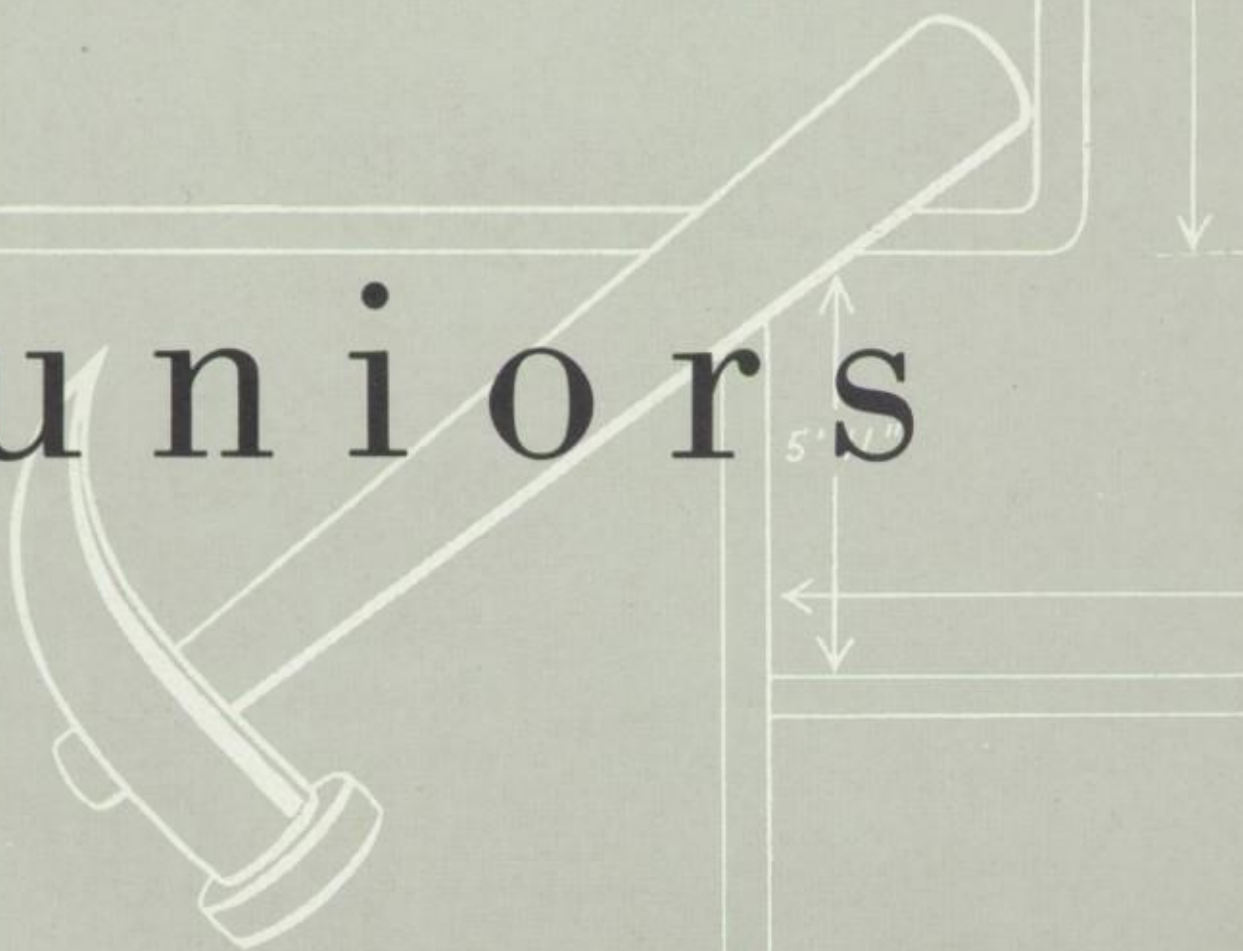

Dick Mickelson and Paula Munson just become the parents of quadruplets. They are planning on a new addition to the school just for their own family.

Nancy Patterson is now a millionaire and she owes it all to her manufacturing of knee-socks.

After many years of waiting, Richard Garrett jilted Carol at the altar and ran off with former high school sweetheart, Kathleen Mitten!

Bev Stewart and Barbara Trach have organized a bachelor's club. Only women over 25 may become members. At last census of the club, there were no members because there were no women over 25!

We began our junior year by contending for top sales honors with the sophomores in annual Sophomore-Junior Magazine Contest. The results proved victorious for us. We launched our class activities of the fall semester with several projects among which were our annual smorgasbord supper, a square dance, and our first paper drive. During the spring we held another dance and began a new project . . . the selling of stationery. Our year ending with the Junior Prom, the theme being "Sea Gardens."

Under the direction of Mr. Struglia, the group has sung a wide range of choral literature including sacred, classical, and modern works.

The Chorus participated in Christmas and Spring Concerts, assemblies, NYSSMA contest, Onondaga County Music Festival. One of the highlights of the year was their television appearance on WHEN-TV.

The Varsity Chorus, composed of about sixty-five members was chosen from the chorus at large on the basis of musical experience, scholarship, responsibility and attitude. Many in the chorus sang in the "Elijah," the F. F. A. Chorus and the New York State Chorus.

FOOTBALL

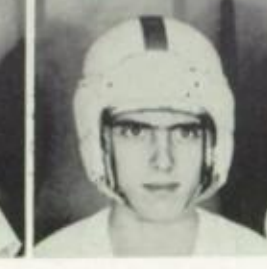

Our second year of 8-Man football showed definite improvements in many ways. The boys enjoyed playing under regular football rules, in fact, they even got a taste of 11-Man football. Jamesville-DeWitt formed the opposition for this encounter and scored the only T. D. of the game in the first two minutes.

League competition was very close with our boys being unfortunate enough to drop three decisions by a total of 13 points. The only poor showing all season was against LaFayette as T.C.S. went down 33-44.

Danny Springston, Bob Abbott, Richard Dockstater and "Mert" Carlton made a good account of themselves on the line. Seniors Bill Collins, and Dick Mickelson played well in the backfield. Probably the most encouraging part of the season was the fine performances turned in by Sophomore backs Louis Currie, Bob Ramsey, and Jack Potter.

Top row: Coach Clements, B. Collins, D. Mickelson, B. Abbott, Coach Nettleton. Left side row: R. Dockstater, D. Hoefer, D. Mortis, R. Carlton, L. Currie, R. Ramsey, S. Seeley, D. Blakeslee. Right side row: F. Corl, J. Currie, J. Potter, K. Stewart, B. Leonard, T. Downing, G. Ackles, L. Stevens. Bottom row: D. Fox, R. Hillenbrand, B. Carlton, D. Springston, L. Beak.

JUNIOR VARSITY BASKETBALL

Our Junior Varsity team enjoyed one of the best seasons in years. They were in contention for a play-off birth right down to the last game of the season. A bitter one-point loss to Minoa finally eliminated us from further competition.

Much is expected from this group in the future. Their abilities are just beginning to show. If the desire remains we don't see how this team can miss.

Left to right: D. Springston, D. Hoefer, R. Steger, Coach Clements, L. Usher, R. Abbott, R. Mickelson, W. Collins, R. Carlton, R. Ramsey, R. Garrett.

Our Varsity basketball team was seriously hampered by height and therefore its inability to capture rebounds. Our boys battled hard under the boards but were unable to cope with opponents a head taller than they.

As for a record, we have nothing to boast about. The season proved to be one in which giving up or "throwing in the towel," could easily have been done. This we did not do as any spectator can testify. We tried as hard to win the last game as we did the first. We can admire the squad for this. In fact, at times we think we wanted so badly to win we defeated ourselves.

We can also look back upon this season from another angle. We appreciate and admire the spirit in which our people accepted our lack of success. Spectator and player alike showed better sportsmanship in losing than our opponents often times did in winning.
